

The Joe Krocheski Jr. Community Youth Racquet Sports Program

About The Racquets For Life Foundation Corp (RFL Foundation):

We have a mission of breaking down the financial barriers for children and young adults through age 25 to allow for the introduction and sustainability of the lifetime activity of racquet sports from introductory levels through to the highest level of national and international competition. Whether it be mentorship, educational support, coaching, programming, equipment, travel, the RFL Foundation will ensure equal opportunity is provided to create a level playing field.

Current Programs:

Horizons Westminster Summer Camp

We have formed a partnership with Horizons at Westminster, an organization which provides students from Hartford Public Schools (grades 1st through 8th) with a six-week summer program. Through this partnership, over 250 children aged 5 to 13 from downtown Hartford, CT have been introduced to tennis for the first time. This program is a much-needed resource for the community and requires equipment and instruction.

Moylan Elementary School & María C. Colón Sánchez Elementary School

This after-school program provides sustainable year-round tennis for over 350+ Hartford Public School students from grades 3 to 5 (with a goal of expanding to middle school grades 6 to 8 in the future). Many of these students also participate in the Horizons summer program. Hartford has a poverty rate which is 113% higher than the national average and a crime rate 1.3 times higher than the average US city.

Future Programs:

The RFL Foundation has plans to expand its after-school and summer youth racquet sports programs and partner with other local schools and non-profits in the Greater Hartford community.

Tennis is a great outlet for our local youth and with your support, we'll be able to bring joy and healthy choices to more of them! Learn more about ways to support these programs on the reverse.
